 PENNSYLVANIA SOCIETY OF  
 PROFESSIONAL ENGINEERS

**Lehigh, Northampton, Monroe, and Carbon Counties**  
**(Organized 1935)**

# Valley Engineer Newsletter

May 2026

**Upcoming Activities:**

2026 NSPE Conference – August 5, 2026, through August 7, 2026, New York Marriot at the Brooklyn Bridge - 333 Adams St, Brooklyn, NY 11201

2026 Annual PSPE Conference – September 23, 2026, through September 25, 2026, The Inn at Swarthmore - 10 S Chester Rd, Swarthmore, PA 19081

**Tentative Activities:**

Iron Pigs Game. August 27, 2026

Upper Macungie Township (UMT) Community Center Tour – Fall 2026. Date and Time: TBD.

Precision Roll Grinders – 2026-2027. Date and Time: TBD.

Fuller Technologies – 2026-2027. Date and Time: TBD.

**Past Activities:**

Scholarship Awards Dinner – May 14, 2026.

**President's Message!**

Jonathan Kiechel, P.E., President

As we bring another Lehigh Valley Pennsylvania Society of Professional Engineer's (LV PSPE) Chapter season to a close, I want to thank all of our LV PSPE members for your continued support, participation, and dedication to the engineering profession. The strength of our Chapter comes from the involvement and commitment of our members, and it has been encouraging to see continued engagement in our programs, outreach efforts, scholarship initiatives, networking opportunities, and professional activities throughout the 2025-2026 calendar year.

This time of year, is often one of both transition and momentum. From students preparing for graduation, to families planning summer vacations, to communities gathering for outdoor events and celebrations, many organizations across the Commonwealth are reflecting on the accomplishments of the past year while planning for the future ahead. It is also serves as an important reminder of the critical role Professional Engineers play in protecting public health, safety, and welfare while helping our communities grow, improve, and adapt to future challenges.

Speaking of graduation, On Thursday, May 14, 2026, we held our Annual Scholarship Awards Dinner Meeting at Madeline's Restaurant, Fogelsville, Pennsylvania. The evening was a tremendous success and served as an excellent opportunity to recognize outstanding students pursuing engineering careers while celebrating the importance of investing in the next generation of engineers.

On behalf of the Chapter, we would like to extend our sincere appreciation to our sponsors, including the American Society of Civil Engineers (ASCE), which assisted in the distribution of one of the four (4) scholarship awards presented this year. We

are also grateful to the Greater Lehigh Valley Chamber of Commerce for attending our Annual Scholarship Awards Dinner Meeting for the first time. Their attendance represented an important opportunity to extend outreach beyond our Chapter while congratulating and recognizing our scholarship recipients alongside us.

As we look ahead to the upcoming year (2026-2027), I would like to share several important updates and reminders regarding future events and Chapter activities. We are currently planning another tour with the Upper Macungie Township (UMT) New Lifestyle Center, Allentown, PA tentatively to be scheduled sometime this Fall 2026 after the facility opens. Also, mark your calendars for the 2026 National Society of Professional Engineers Conference (NSPECon) at the New York Marriott at the Brooklyn Bridge in New York City, scheduled for August 5, 2026, through August 7, 2026. Also, mark your calendars for the Annual State Conference, scheduled for September 23, 2026, through September 25, 2026, at The Inn at Swarthmore. Additional conference details for the 2026 NSPECon can be found through **Registration | National Society of Professional Engineers** and the 2026 Annual PSPE Conference through **PSPE 2026 Annual Conference | Pennsylvania Society of Professional Engineers**. Furthermore, please continue to keep your eyes and ears open for possible future tours and events with Precision Roll Grinders and Fuller Technologies during the 2026-2027 calendar year.

Our chapter continues to focus on professional development opportunities, networking, and supporting the next generation of engineers. As I have repeated in every newsletter this past season, I continue to encourage each of you to stay engaged with LV PSPE each year by attending one or even several events, participating on a committee, or simply reaching out to a fellow member. Our Chapter thrives because of your involvement.

Please continue checking our website at **[lvpspe.org](http://lvpspe.org)** for the latest updates on upcoming events. I look forward to seeing each of you at one, if not all, of these events, and I especially look forward to recognizing this year's scholarship recipients as they begin their journey toward becoming future engineers.

I would also like to share several important Chapter updates and announcements:

Our Chapter Vice President, Shane Chalupa, P.E. (Shane's) has submitted his resignation via email correspondence dated May 1, 2026 to the Chapter State President, Jonathan Kiechel, P.E. Shane's resignation is effective May 31, 2026. On behalf of LV PSPE, we would like to sincerely thank Shane for his service and his many contributions to the Chapter, including his efforts in coordinating monthly meetings and organizing Chapter events, just to name a few. His dedication has been greatly appreciated and has helped strengthen our Chapter. In the interim, Alexa R. Lehmann, E.I. (Alexa) has agreed to serve in this role until a permanent replacement is appointed.

Our Chapter would also like to congratulate our Chapter Treasurer, Ray Szczucki, P.E., ARM (Ray), has been appointed by unanimous Chapter Board vote on May 9, 2026, via email correspondence, to serve as the Chapter's State Representative effective July 2026. Ray will succeed Michael Basta, P.E., F-NSPE (Mike) who will transition into the role of Alternate State Representative. We thank Mike for his continued service and congratulate Ray as he assumes this important leadership position representing LV PSPE at the State Level.

With the Greater Lehigh Valley Chamber of Commerce (Chamber) attending our Annual Scholarship Awards Dinner Meeting and participating in Chapter activities for the first time this year, LV PSPE looks forward to strengthening our relationship with the Chamber and expanding collaboration opportunities between our organizations. We are hopeful that these efforts will further strengthen outreach throughout the engineering and business communities while continuing to promote the value and importance of the engineering profession throughout the region.

A few additional Chapter reminders:

- **Newsletters:** Newsletters will continue to be issued on a bi-monthly basis (September through May), with editions released at the end of October, December, February, and May. Please take time to read each edition, as they are full of valuable updates and insights.
- **Monthly Meetings:** Meetings are generally held on the second Monday of each month from 6:00-7:00 PM in a hybrid format to allow for broader participation.

Details regarding meetings, activities, and newsletters can be found at <https://www.lvpspe.org/>.

Finally, I encourage anyone interested in becoming more involved with LV PSPE to reach out. We currently have openings for a **State Vice President Position, Fundraising Chair, and a Scholarship Chair**, and we are always looking for members who want to grow their involvement within the Chapter and the engineering community. Please contact a board member for more information or to nominate someone for a position. We are always excited to provide opportunities for new members to gain leadership experience by serving on the board.

I look forward to seeing many of you at our upcoming events and continuing to work together to advance the engineering profession throughout the Lehigh Valley and beyond.

Wishing everyone a safe, enjoyable, and relaxing summer season.

## Congratulations to Nicole Wilson, P.E. on Her Induction into the NSPE Fellows Class of 2026

Angelika Forndran, P.E.

The Lehigh Valley Chapter of the Pennsylvania Society of Professional Engineers (PSPE) extends its congratulations to Nicole Wilson, P.E., on being selected for induction into the National Society of Professional Engineers (NSPE) Fellows Class of 2026.

Nicole is a Past President of PSPE and an active member of our neighboring Bucks County Chapter of PSPE. In recognition of her many professional accomplishments and service contributions, Nicole was named the Pennsylvania Society of Professional Engineers Engineer of the Year in 2025.

Nicole currently serves as a Senior Project Manager for EARTHRES, a division of RESPEC. With more than 25 years of professional experience, she has specialized in air permitting, emissions tracking, environmental compliance, and operational support for hospitals, landfills, industrial facilities, and other regulated operations. Her work has helped organizations maintain compliance with environmental regulations while protecting air quality and the communities they serve.

Nicole earned her Bachelor of Science degree in Chemical Engineering from the University of Rochester and later obtained a Master's degree in Water Resources and Environmental Engineering from Villanova University. In addition to her professional accomplishments, she has remained deeply committed to volunteer service through PSPE, participating in numerous outreach initiatives, mentoring activities, and programs that promote engineering licensure and professional engagement across Pennsylvania.

Her selection as an NSPE Fellow recognizes not only her technical achievements, but also her sustained contributions to the engineering profession, leadership within professional societies, and dedication to public service.

Nicole Wilson, P.E., will officially be inducted as an NSPE Fellow during the 2026 NSPE Conference, which will be held in Brooklyn, New York, from August 5 to August 7, 2026.

# Scholarship Awards and Installation of Officers, LV PSPE May 2026

Jonathan Kiechel, P.E.

The Lehigh Valley Chapter, Pennsylvania Society of Professional Engineers (LV PSPE) held its annual scholarship awards and installation of officers for 2026-2027 on Thursday, May 14, 2026, at Madeline's, Fogelsville, Pennsylvania.

# Installation of 2026-2027 LV PSPE Officers:

Daniel Cook, P.E. State PSPE Northeast President, from Pottsville, Pennsylvania, swore in the 2026-2027 officers.

Installation of the 2026-2027 LV PSPE Officers.

# Recognition of Service Award:

On behalf of the LV PSPE Chapter, I would like to extend sincere congratulations and appreciation to our past Chapter President, Alexa R. Lehmann, E.I. (Alexa) for receiving the **Recognition of Service as President Award** from Jeff Kutz, E.I. (Jeff), State Director, Scholarship Committee Chair, at this years 2026 Annual Scholarship Awards Dinner Meeting. This honor reflects her dedication, leadership, and commitment to both our Chapter and the engineering profession. Volunteer leadership is essential to organizations like PSPE, and we are grateful for the time, energy, and professionalism that Alexa contributed and continues to contribute to our Chapter. The positive impact of that leadership continues to benefit our Chapter today. On behalf of the entire Chapter, congratulations, Alexa, on this well-deserved recognition!

## Scholarship Recipients:

This year we received several outstanding scholarship applications for these scholarships, and after careful consideration, four were selected to represent the highest achievers in the group. Each of this year's scholarship candidates stood out in unique and remarkable ways. Their personal contributions, dedication to their education and pursuit of their passions are truly inspiring. These awards recognize not only academic excellence, but also the tireless dedication and determination each student brings to every aspect of their lives. On behalf of the LVPSPE, we are proud to recognize and celebrate these deserving students.

The Scholarship winners were:

### Gavin Bailey

Gavin Bailey with presenter, Jeff Kutz, E.I., State Director & Scholarship Committee Chair of LV PSPE.

Gavin Bailey will be graduating from Liberty High School and plans to study Mechanical Engineering at Penn State University in the fall.

He is the son of Scott Bailey and Julie Bailey. Gavin is involved with the band, orchestra, first company, the track and field team, the National Honor Society, and Boy Scouts. Gavin was the Assistant Senior Patrol Leader in Boy Scouts and achieved the rank of Eagle Scout. Outside of all school-related activities, Gavin enjoys any outdoor activity, and anything technology related. **(Bio written by Gavin Bailey)**

### Emilee Gaughran

Emilee Gaughran with presenter, Michael Derr, P.E., of the American Society of Civil Engineers (ASCE).

Emilee Gaughran is the daughter of John and Leanne Gaughran and will be graduating from Northampton Area High School. She plans to attend Brown University to study environmental engineering in the fall.

Emilee is a Lehigh University High School Scholar, an AP Scholar with Distinction, and a National Merit Commended Scholar. She also is the president of Biology Club and a member of Northampton's Students Against Destructive Decisions, Math Club, Volunteer Club, National Honor Society, and Science National Honor Society. Emilee is a peer tutor for chemistry as well as a volunteer for her high school's food pantry. Apart from academics, Emilee also was a member of her school's inaugural girls wrestling team, and at Brown, she will be continuing her athletic career as a part of their women's wrestling team. Outside of school and wrestling, Emilee enjoys going to the gym, going on runs, reading, baking, and being outdoors. **(Bio written by Emilee Gaughran)**

Continued page 6

**Lucy Gosnell**

Lucy Gosnell with presenter, Jonathan Kiechel, P.E., President of LV PSPE.

Lucy Gosnell will be graduating from Emmaus High School and plans to study Mechanical Engineering at Johns Hopkins University in the fall. She is the daughter of Courtney Moore and Phillip Gosnell.

Lucy is a member of the National Honor Society, Tri Music Honor Society, and Science Honor Society. Lucy is president of No Place for Hate and Spanish Club. Participating in the Marching Band, Debate Team, and History Day, Lucy competed in the District to State levels. Just this year, Lucy was recognized as the Women's Club of Emmaus Girl of the Month. Over the summer, Lucy attended the Junior Young Leaders Conference, HOBY Leadership Conference, and Lehigh Summer Engineering Institute (SEI). She intends to continue her passion for the Debate Team in college, as well as join the Society of Women Engineers (SWE) and the Engineers without Borders program. Outside of academic pursuits, Lucy enjoys getting a head start on her retirement activities by birdwatching, painting, cultivating bonsai, and playing banjo. **(Bio written by Lucy Gosnell)**

**Shivam Patel**

Shivam Patel with presenter, Daniel Cook, P.E., State PSPE Northeast President

Shivam Patel the son of Jignesh and Amitaben Patel, will graduate from Parkland High School this year. He plans to attend the Georgia Institute of Technology to study computer engineering this fall.

He's involved as a student leader, serving as the Chapter President of the Math Honor Society to coordinate tutoring for over 150 students. He's also the President and Lead Engineer of the Engineering Club, and Secretary for both the Physics Club and Math League. Shivam's academic honors include being a US Chemistry Olympiad National Semifinalist, a two-time FBLA National Semifinalist, and placing 2nd nationally in the SIFMA Stock Market Game. A Lehigh Scholar, he has earned college credits and was awarded 1st place for his ALS research poster at the Lehigh University Summer Engineering Institute. Beyond his studies, Shivam has worked for over a year as a math and English tutor at the JEI Learning Center to promote the education of children. He serves as the co-founder of the VEX Robotics Club at Springhouse Middle School, directing 6 teams to win multiple state-level awards. In his free time, he manages his freelance brand POVShivam, building and sharing his creations. At the core, Shivam remains an avid speedcuber, Formula 1 fan, and hobby pickleball with his best friends. **(Bio written by Shivam Patel)**

## Closing Remarks:

The LV PSPE Chapter extends its sincere congratulations to all four scholarship recipients. Their academic achievements, leadership, community involvement, and commitment to pursuing engineering careers exemplify the qualities that will help shape the future of our profession. Each student has demonstrated exceptional dedication both inside and outside the classroom, and we are proud to recognize their accomplishments as they prepare to begin the next chapter of their educational journeys.

The LV PSPE Chapter further extends its appreciation to the parents, teachers, mentors, sponsors, and volunteers who have supported these students throughout their academic and personal development. The success of our scholarship recipients reflects not only their individual efforts, but also the encouragement, guidance, and opportunities provided by those who have helped them along the way.

On behalf of the LV PSPE, we wish Gavin Bailey, Emilee Gaughran, Lucy Gosnell, and Shivam Patel continued success as they begin their college careers. We also extend our best wishes to the newly installed Chapter officers as they begin another year of service and leadership.

The future of engineering is bright, and it is represented by outstanding students, dedicated professionals, and committed volunteers such as those recognized during this year's Scholarship Awards and Installation of Officers Dinner. We look forward to following the accomplishments of our scholarship recipients and continuing our mission of advancing the engineering profession throughout the Lehigh Valley and beyond.

On behalf of the LV PSPE Chapter, we would also like to congratulate the newly installed 2026-2027 LV PSPE Officers and thank all current and past Chapter leaders for their continued service and commitment to LV PSPE. Strong leadership and volunteer involvement remain essential to the success of our organization and its ability to serve both the engineering profession and our local communities.

We would also like to thank our scholarship sponsors, Chapter members, guests, and partner organizations for their continued support of the LV PSPE Scholarship Program. Through your generosity and commitment, we are able to invest in future engineers and help ensure that the

engineering profession remains strong for generations to come.

The Annual Scholarship Awards and Installation of Officers Dinner continues to be one of the Chapter's most meaningful traditions, bringing together members, students, families, educators, and industry professionals to celebrate achievement, leadership, and the future of engineering. Events such as these remind us of the important role professional organizations play in supporting the next generation while fostering professional growth and engagement among current practitioners.

---

## Severe Sarcasm, Funny But So True

A man is flying in a hot air balloon and realizes he is lost. He reduces height and spots a man down below. He lowers the balloon further and shouts: *"Excuse me, can you help me? I promised my friend I would meet him half an hour ago, but I don't know where I am."*

The man below says: *"Yes. You are in a hot air balloon, hovering approximately 30 feet above this field."*

*"You must be an Engineer,"* says the balloonist.

*"I am,"* replies the man. *"How did you know?"*

*"Well,"* says the balloonist, *"everything you have told me is technically correct, but I have no idea what to make of your information."*

The man below says, *"You must be a planner."*

*"I am,"* replies the balloonist, *"but how did you know?"*

*"Well,"* says the man, *"you don't know where you are, or where you are going, and you have made a promise which you have no idea how to keep. The fact is you are in the exact same position you were in before we met, but now it is somehow my fault."*

*([www.ppehq.com/blog/engineering-jokes](http://www.ppehq.com/blog/engineering-jokes))*

## Building on Momentum

Jonathan Kiechel, P.E.

As I begin my second year serving as President of the Lehigh Valley Chapter of the Pennsylvania Society of Professional Engineers (LV PSPE), I would first like to thank all of our members for the continued trust and confidence you have placed in me to lead our Chapter. It is truly an honor and privilege to serve a professional organization that represents the very best of the engineering profession through leadership, dedication, technical excellence, and a continued commitment to protecting the public health, safety, and welfare throughout our communities.

Reflecting on the past year, I am proud of the progress and accomplishments our Chapter has achieved together. Through technical presentations, networking opportunities, scholarship initiatives, professional outreach, and community engagement, LV PSPE has continued to provide meaningful value to both current and future engineers throughout the Lehigh Valley. These successes would not have been possible without the support and involvement of our members, sponsors, volunteers, officers, and committee leaders.

As we look ahead to the 2026–2027 Chapter year, I am excited about the opportunities that lie ahead for LV PSPE. Our Chapter remains committed to supporting engineers at every stage of their professional journey, from students and young professionals beginning their careers to experienced Professional Engineers continuing to lead and mentor within the profession. We will continue focusing on professional development opportunities, technical tours, networking events, scholarship programs, outreach initiatives, and collaboration with organizations throughout the region.

One of the goals I hope to continue emphasizing during my second term is increasing member engagement and involvement within the Chapter. As I continue to emphasize in every newsletter, which was started by our very own Chapter member Alexa, I continue to encourage each of you to stay connected and engaged with LV PSPE by attending events, participating in meetings, mentoring students or younger professionals, serving on a committee, or volunteering during outreach opportunities. Every member plays an

important role in helping our Chapter remain active, vibrant, and successful.

In the coming year, we also look forward to continuing to build relationships with local organizations and community partners while expanding opportunities for collaboration throughout the Lehigh Valley engineering and business communities. By strengthening these partnerships, we can continue promoting the value of the engineering profession while increasing awareness of the important role engineers play within our communities every day.

As engineers, we understand the importance of planning for the future while building upon strong foundations. I believe LV PSPE is well-positioned to continue growing and evolving in ways that benefit our members, support our profession, and encourage the next generation of engineers to become future leaders within PSPE and beyond.

Thank you again for your continued support of LV PSPE and for the opportunity to continue serving as your Chapter President. I look forward to working alongside all of you throughout the upcoming 2026–2027 Chapter year as we continue strengthening our profession, our Chapter, and the communities we serve.

Talk Soon!

## **SCHOLARSHIP SPONSORS**

A great way to be involved in the LVPSPE Chapter is to contribute to the **LVPSPE SCHOLARSHIP FUND**. Please Contact the Valley Engineer Editor to sponsor scholarships for the remainder of the calendar year.

If you would like to contribute any amount –please send your TAX-DEDUCTIBLE donation to PA ENGINEERING FUND. Donations should be mailed to:

**PA Engineering Foundation LVPSPE  
P.O. Box 195  
Northampton, PA 18067**

Please note “LVPSPE Scholarship Fund” on the comment line.

Or, you may also contribute via the LVPSPE website <http://lvpspe.org/Donations/>.

Scholarship application is at <http://lvpspe.org/awards-scholarships>. Any questions regarding scholarships can be directed to

Jeff Kutz, E.I.T.
